Moral Education

Moral education is a course aimed at encouraging students to develop their character, explore their values and be better prepared for adult life. The below given task is a community based action plan to develop a greater understanding of applicability of moral concepts in a healthy social existence.

During vacation, have a conversation with three persons working in different fields like education, medical services and business to have a broader outlook on the various effective strategies to defend and eradicate the corruption in a harmonious and moral way. Analyze the approaches and prepare a detailed write-up in about 200-250 words. Substantiate the details with appropriate sub titles, pictures etc.
