General Science

Physics

Real life Application(Assignment):

Make a poster to create an awareness against over speed on roads based on the topic: **“SPEED THRILLS BUT KILLS”**

Project:

Make a working model of **Anemometer** (Refer text book pg.no:180)

MyCommunity is My Identity: __ (Do in notebook-activity page)

The United Arab Emirates employs minimum and maximum speed limits, which vary for different types of vehicles and roads. The roads are monitored by speed cameras to detect traffic violations such as speeding. Heavy vehicles such as trucks, mini buses and buses are installed with speed limiters to prevent overspeeding. The UAE is notable for having the highest posted speed limits in the world, with two major highways, the Abu Dhabi-Al Ain highway and the Sheikh Khalifa highway, both having limits of 160 km/h (99 mph).

Complete the following table using the above information:

Road types	Speed limit
Freeway	
Rural roads	
Urban dual carriageway	
Urban single carriageway (Residential areas)	
Parking areas and service roads	

Chemistry

My community my identity : Do in your notebook activity page
